Why **ACEXM7**?

- 1 Exhibit your latest and innovative products, services, and future technologies to over 10,000 enthused audience
- 2 Ideal Launchpad for new products and services
- 3 With the entire Indian Surface Treatment & Finishing technology community under one roof, it will give easy access to market response on the latest products and services
- 4 Can engage directly with global industrial buyers and investors, and can be a catalyst for strategic business alliances
- 5 Wide networking and business matchmaking opportunities with global industry professionals.
- 6 Perfect place to elevate the market position with profound brand visibility.

About The **Expo**

India Surface Treatment & Finishing Expo is coming up in August 2023 to offer the surface treatment and finishing industry with an impeccable platform for business cooperation and technology dealings. The highlight of this show is that the participants can exchange all information with the selected audience while making relations with new clients. The need of specialized high-energy finishing procedures is essentially required to truncate the surface profile peaks. The exhibition impending to come in August 2023 will assist various manufacturers, surface finishers and others to deal with the increased complexity and helping them to attain the precise essentials of mechanical products. The novel techniques and modish technologies shared & imparted through this show will assist the companies to attain the performance integrity as well as increased service lives of the components, they deal in.

After the three successful editions, ACEXM7 is pleased to announce the 4th edition of the India Surface Treatment & Finishing Expo 2023 - scheduled from 24th to 26th August 2023, Pragati Maidan, New Delhi.

India Surface Treatment & Finishing Expo 2023 will be an ideal platform for the companies involved in surface preparation to finishing technologies and related business to showcase their products and services, latest trends, and technologies to various stakeholders of the sector, and further strengthen their brand awareness.

Exhibitors Profile

- Plating: Materials and chemicals / Intermediate / Equipment, production line and accessories / Testing and monitoring equipment
- Coating: Automotive coating / Powder coating / Anti-corrosion coating / Non-stick paint / Marine paint
- Materials and equipment for coating / Painting robot / Recovery plant Electrophoresis equipment / Dacromet equipment Equipment for shot/sand blasting, drawbench and polishing
- Chemical oxidizing and anodizing for Aluminum, Magnesium and Titanium alloy / Anti-fading for Copper and Silver alloy / Zinc plating passive / Coloring of stainless steel / Blueing and phosphating of steel
- Equipment for waste water and gas treatment, Quality testing equipment, Process control equipment
- Hot spraying equipment
- Vacuum plating, Ion plating, PVD & CVD
- Anti-corrosion materials and its application, Anti-rust materials and its application
- Materials and equipment for hot dipping
- Surface finishing industrial parks
- Mechanical Finishing
- Plant & Machinery
- Paint & Powder Coating Applications
- Industrial Coatings
- Chemical Finishing Technologies
- Paints
- Testing Equipment
- Thermal Coating
- Chemicals & Raw Materials
- Environmental, Safety and Protection
- Protective Coating

Visitors Profile

- Engineers/Operators looking for new technology
- Purchase personnel & plant managers from boiler user & manufacturing industry
- Investors/bankers/venture capitalists
- Design engineers/Consultants
- Renewable energy project developers
- Agencies dealing in instrumentation
- R&D Institutions
- Regulatory authorities/Policy makers/Urban planning specialists/Utility & energy companies
- Surface finishing, electroplating, coating processing enterprises
- Automobile & accessories
- Motorcycle & accessories
- Household electrical appliances
- Communication products
- IT, digital products
- Hardware, electronics, lighting, toys, bathroom, kitchen, watches and other personnel from R&D department, purchasing department, production department in manufacturing enterprises
- Designer from coating design institutes and engineering personnel
- Experts from surface finishing industry
- Surface engineering universities and researchers

Exhibit Space Cost

- **Shell Space Rate:**
INR 16,000 / sqm
(Minimum booth: 9 sqm)

- **Raw Space Booth:**
INR 15,000 / sqm
(Minimum 18 sqm)

Corner Charges- 10% for 2-sides open booth & 15% for 3-sides open booth
*GST 18% applicable on above rates

Co-Located Shows

4th | Edition

Coating & Painting Industry Expo

3rd | Edition

Don't miss the opportunity to showcase/launch your brand, products and services as a leader within the industry.
